

FROM THE PRINCIPAL

Dear Parents and Community Members,

Waverly is a great place for students and we are proud of our reputation as a safe, kind, supportive, and nurturing learning environment. Classroom teachers work closely in Professional Learning Communities to evaluate student work and determine which students are struggling and need enrichment. We will continue to deliver standards of excellence in academics and character development by providing small group reading and math instruction, PE, library and technology instruction, and implementing positive behavior supports.

Please join us in supporting student success by monitoring and talking with your child about homework and upcoming assessments, attending parent-teacher conferences, and volunteering. We look forward to partnering with you over the coming year to ensure that all of our students reach their full potential!

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.
